

Moocs and Online resources

The subject of artificial intelligence is so fascinating that many Massive Open Online Courses are dedicated to it.

Here is a selection of Moocs organised as follows

1 - AI in general

2 - and AI in education

Then a selection of online resources on AI and education are presented. This is a partial selection, linked to the context and interest of the AI4T project and the promises of the project. This list should therefore evolve and be enriched. Most of the resources are available in English, some are also available in other European languages. We have also mentioned two resources that are not available in English as they play a key role in the AI4T project.

1 - Moocs About AI in general

Elements of AI

- By: MinnaLearn and the University of Helsinki
- Info about the Mooc: « *The Elements of AI is a series of free online courses created by MinnaLearn and the University of Helsinki. We want to encourage as broad a group of people as possible to learn what AI is, what can (and can't) be done with AI, and how to start creating AI methods. The courses combine theory with practical exercises* »
- Language: DE, FR, IT, IE, SI, GB (and many other european languages)
- Registration: free
- Certificate: yes
- Accessibility: unlimited
- Access to the mooc:
 - Part 1 - Introduction to AI (accessible from > [course.elementsofai.com¹](http://course.elementsofai.com))
 - Part 2 - Building AI (accessible from > [buildingai.elementsofai.com²](http://buildingai.elementsofai.com))

Element of AI, a success story: launched in 2018, « with the aim of helping people to be empowered, not threatened, by artificial intelligence », The Mooc has been a huge success and is now an established benchmark for AI training with 750,000 registered students from 170 countries.

L'Intelligence Artificielle... avec intelligence ! (Artificial Intelligence ...with intelligence!)

- By: Inria and Class'Code
- Info about the Mooc: Class'Code IAI is a citizen MOOC accessible to everyone from 7 to 107 years old to question, experiment and understand what Artificial Intelligence is... with intelligence! - (*Class'Code IAI est un MOOC citoyen accessible à toutes et à tous de 7 à 107 ans pour se questionner, expérimenter et comprendre ce qu'est l'Intelligence Artificielle... avec intelligence !*)
- 🚀 Ressource of the Mooc are used in the AI4T project Mooc
- Certificate: Yes
- Registration: free
- Language: FR
- Accessibility: unlimited
- Accessible from fun-mooc platform to the Mooc³

AI for everyone

- By Andrew Ng (DeepLearning AI - Stanford University)
- Info about the Mooc:
 - « *AI is not only for engineers. If you want your organisation to become better at using AI, this is the course to tell everyone--especially your non-technical colleagues--to take.* »
 - DeepLearning.AI proposes many AI related Moocs on Coursera, from general to very technical - registration, certificats and availability are to be check on the coursera platform
- Certificate: Yes
- Registration: free
- Language: EN
- Accessibility: Third Quater 2022
- Accessible from coursera platform⁴

Artificial Intelligence

- By: Accenture

- Info about the Mooc: « *learn about the past, present, and future of artificial intelligence and explore its potential in the workplace.* »
- Certificate: Yes
- Registration: free
- Language: EN
- Accessibility: unlimited
- Accessible from future learn platform⁵

AI Goal: Learn about artificial intelligence (Objectif IA: Initiez-vous à l'intelligence artificielle)

- By: Institut Montaigne (a french Think Tank) and The Fondation Abenoa
- Info about the Mooc: « *We present artificial intelligence from A to Z, to give you the keys to understanding and thinking about it* » - « *Nous vous présentons l'intelligence artificielle de A à Z, pour vous donner des clés de compréhension et des pistes de réflexion* »
- Certificate: Yes
- Registration: free
- Language: EN, FR
- Accessibility: unlimited
- Access to the Mooc from Openclassroom platform EN⁶ / FR⁷

My Mooc⁸: A tool to keep in touch with all available Moocs:

« *A powerful and innovative solutionWith more than 10,000 MOOCs available, My Mooc delivers the best free trainings available on the web. Our mission? To make training accessible to as many people as possible! With an account on My Mooc, you can continually follow the latest MOOC news and be ensured that you do not miss any topics or content from your favorite universities across the globe.* »

And for example you can follow up with all Moocs delivered about AI at the following adresse:
<https://www.my-mooc.com/en/categorie/artificial-intelligence>

Language: EN, FR

2 - Moocs about AI and Education

Artificial Intelligence (AI) Education for Teachers:

- By: Macquarie University (AUS) and **IBM (based on AI Curriculum Framework)**
- Info about the Mooc: « *This course is based on the IBM AI Curriculum Framework⁹ and provides theory plus applied examples of the components that make up AI. As teachers, you can work your way through the entire course, or you can focus on key areas as you need. There are knowledge, skills and attitudes related to AI that are transferable to multiple disciplines and learning areas from early childhood, primary, secondary, and post-secondary.*- Plateforme: Coursera
- Certificate: no
- Registration: free
- Language: EN
- Accessibility: Third quarter of 2022
- Access to the Mooc from Coursera platform¹⁰

AI Basics for School

- By: European School Network - part of EU Code Week 2021
- Info about the Mooc: « *A Mooc that guides teachers to explore the potential and limitations of AI, and discover how AI may enable them to implement new ways of teaching and learning in the classroom. 'AI Basics for Schools' provides teachers with an opportunity to gain basic understanding about AI and how to integrate AI resources into their teaching with the aim to enhance student learning experience.*- Certificate: no
- Registration: free
- Language: EN
- Accessibility: not accessible in 2022
- Access to the Mooc from European School Network platform¹¹

A inteligencia artificial vai transformar a escola (Artificial Intelligence will transform schools)

- By: Equipa de Recursos e Tecnologias Educativas (ERTE) - Portugal, Educational Resources and Technology Team (ERTE),
- Info about the Mooc: « *A Inteligência Artificial já faz parte do nosso dia a dia e está em constante evolução! Saiba como preparar os estudantes a enfrentar novos desafios e a desenvolver competências digitais.(Artificial Intelligence is already part of our daily lives*

and is constantly evolving! Learn how to prepare students to face new challenges and develop digital skills). »

-  This Mooc was mentioned several times at the launch of the AI4T project.
- Registration: free
- Language: PT
- Accessibility: not accessible in 2022
- Access to the Mooc from nau.edu platform¹²

On-line resource about AI and Education

That's AI

- By: EPL (Ecole Polytechnique de Lausanne) Extension school: The EPFL Extension School teaches applied digital skills, online. We believe that everyone should gain digital knowledge and skills to be able to make the most of the opportunities in today's world.
- Info about the Mooc: « That's AI » is your introduction to the world's most important technological development. Find out how AI is transforming everything around us and learn how to become an active participant in this exciting new world.
- Certificate: no
- Registration: free
- Language: DE, EN, FR (some articles are solely in English)
- Accessibility: unlimited

AI in Education

- By: University of Oxford - [IT Learning Centre](#)
- Info about the Mooc: « *Series of lunch-time talks on Artificial Intelligence (AI) in Education that were co-organised with the Centre for Teaching and Learning in 2019.* »
- Language: EN
- Certificate: no
- Registration: free
- Access to the resource¹³
